

Grocery Shop and Give Back

As a non-profit organization, the Friends of the Library is a member of the Tom Thumb "Good Neighbor Program." This program allows Tom Thumb customers the opportunity to donate a portion of their purchases at the store to their charity of choice. You can donate to Friends of the Richardson Library every time you shop at Tom Thumb-it's convenient and doesn't cost you any additional money. Next time you are in your local Tom Thumb, stop by the Customer Service desk and ask to have your Tom Thumb Rewards card linked to Friends of the Library. You will be required to fill out a quick form; be sure to bring the FOL vendor name (Friends of the Richardson Public Library) and vendor number (223939). Once you've signed up, a percentage of your purchase will go to FOL every time you shop. You'll be giving back every time your grocery shop and we appreciate the support!

A Big Book Sale Thank You

The Friends of the Richardson Library hosted another successful book sale. The proceeds of this sale will continue to help FOL serve it's mission: support the Richardson library and enhance the programs for all library patrons. FOL would like to thank all members who came out to the book sale or volunteered their time. A big thank-you goes out to the "Monday Morning Workers." This tireless group of volunteers works year-round to sort, collect and prepare for the book sale. Reader's Corner: What Your Friends are Reading...

Peggy Goode, *Friends of the Library Board*

Sarah Susanka has become well known for her series of best sellers on the "Not So Big House." The Richardson library offers eight of these plus her DVD explaining her philosophy of "build better, not bigger." Her book, ***The Not So Big Life: Making Room for What Really Matters***, extends this philosophy into our very lives. As Thomas Moore says on the cover of the paperback edition, "This not so big book will help you find your human scale and a life that suits you. It's practical, inspiring, and brilliantly conceived."

Peggy first read this book several years ago and is working through it again. Fortunately, there is now a Web site to help: www.entsobiglife.com. Susanka describes the website as "the second half of the book, providing a community through which to engage your own Not So Big life."

If you would like to discuss this book, please visit the Reader's Corner Discussion Forum on the Friends of the Library website, www.richardsonfol.org.
